

Symphony

A true aniline leather with a luxurious hand-feel and spectacular aesthetics. Symphony has a translucent finish that allows light to amplify all the wonderful highs and lows of the surface color. It is a more delicate leather intended to bring to life pieces that can handle the natural characteristics of genuine leather. A feel agent is also applied on the surface to create a sensational touch.

Specifications:

Average Hide Size: 50 Square Feet

Configuration: Whole Hide

Hide Source: Spanish Bulls

Thickness: 1.0-1.2 mm

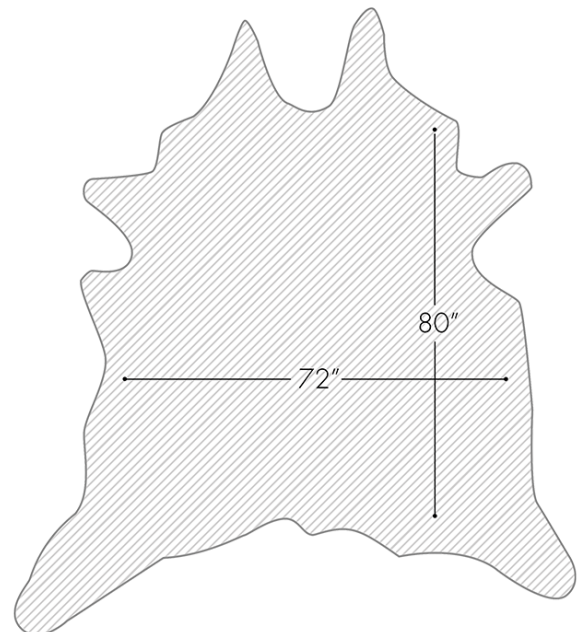

Finish: Hand-Tipped Semi-Aniline

Resistance To Scratching: Moderate Resistance

Flammability: NFPA 260 Pass, CAL 117 Pass

Anti-Soil Treatment: Available For This Article

Whole Hide

CARE AND CLEANING

Leather is a natural material and, if properly cared for, will maintain its beauty and usefulness for many years. Direct exposure to strong light can cause any leather color to fade, so always protect leather from direct sunlight and other intense light sources. It is also advised that leather products be kept away from radiators or other generators of heat. Periodic dusting and vacuuming is recommended for normal maintenance of leather. Should leather get marked or stained, please use only mild soap and water and first test a discrete area before treating the affected spot. Do not use Saddle Soap, cleaning solvents, oil, or abrasive cleaners. ** For Suede, Transfer, Hair on Hide and Customized non-standard leather – please contact the Demar Leather Co. main office for additional information
